The Tattoo Tradition The term "tattoo" derives from the cries of the 17th & 18th century Low Country innkeepers in Scotland, who, as the fifes and drums of the local regiment signaled a return to quarters would cry, "Doe den tap toe" (meaning "turn off the taps!") The sound of the "taps" caused the innkeepers customers to depart and return to their barracks. The word "tattoo" evolved over time and refers to what developed as a ceremonial performance of military music by massed bands today. The Virginia International Tattoo incorporates groups from around the world including acrobats, choral groups and precision military drill teams.
